

Online PEO Value Illustrator

offered by

PEO CONSULTING GROUP, INC.

Human Resources Sales and Management Expertise Since 1987

Add a link on your website to your firm's customized / branded PEO Value Illustrator...

- Make your website "stickier" - give visitors an interactive tool that shows *their* realistic numbers
- You'll get their calculator data when a visitor requests to "Schedule a Consultation"
- Give your sales team another tool to promote and/or take prospects to
- Play around with the demo at mypeovalue.toolsforhr.com (remember, yours will have custom behind-the-scenes numbers)

PEO Business Impact Value... TIME and MONEY

~350 Hours Per Year
8.8 weeks

Potential Financial Advantage: **\$45,293**

● HR ● Benefits ● WC ● Payroll

(20.6 Hrs / Employee / Year)

Potential **Value** of 350 redirected hours **\$33,250**
If refocused on driving Cashflow, Revenue, Margins

Replace Payroll Service costs **\$3,978**
Plus other possible employment related Service Fees

Employee Benefits savings **\$3,986**
Savings will vary by client. This is just an estimate.

Workers Comp insurance savings **\$1,784**
Savings will vary by client. This is just an estimate.

HR Compliance Risk Reduction **\$2,295**
Like EPLI and other fines and lawsuit avoidance costs and actual costs

Simply complete the 8 questions below to see your estimate of savings and value from our offering, along with the probable amount of Time your company is or should be spending to properly handle just the most basic 103 essential employment tasks, products and services.

Your Total number of Employees: 17 (103 of 108 employment things in this calculator (95%) could apply to your size company)

Your Payroll Frequency / Method: Weekly, use payroll service

Your Workplace Safety Risk Factor: 8 - Very high (Scale of 1 to 10. Just ballpark yours. i.e., 1 = all administrative, and 10 = a roofer.)

Your Employee Benefits Products Offering Level: Medium (i.e., Medical, Dental, Vision, Life, STD, LTD, Retirement, Voluntary benefits, EAP, etc)

Your Turnover Rate Per Year: 20 percent (About 3.4 terminations and new hires per year.)

Frequency of Employment "Issues / Problems": Occasionally (i.e., Injuries, unemployment claims, disciplines, legal complaints/threats, fines, OSHA, DOL, etc)

What will you do with the Saved Time? Improve Revenue, Cashflow, Margin (Leverage it to improve Revenue, Cashflow, and Profits? Or reduce Hours / Wages?)

Potential hourly VALUE of the Recovered time? \$95/hour (Recovered admin time should be leveraged over to Revenue Drivers and Margin Impacters)

Quick Example Profiles...
Small blue collar company

Disclaimer: This tool's sole purpose is to illustrate reasonable potential value that might be available from a relationship with [demo HRO firm], based on the general business model of recovering time from outsourcing, joining a larger group for its better buying power, and getting access to better employment expertise. The numbers illustrated are not guaranteed in any way and may be different based on variables not contemplated in this simple model. This model does not constitute a proposal nor a quote for PEO services.

Customization includes:

- Your logo and colors
- Your unique URL (i.e., AcmePEO.toolsforhr.com)
- Your company name and phone number
- Your verbiage in the sidebar
- Who in your company receives site visitor profile info from "Schedule a Consultation" submissions
- Your typical discounts in Benefits and WC (for behind-the-scenes math)
- Small verbiage tweaks on main page

Investment:

- Setup and customization (one time) - \$295
- Month to month subscription - \$29/mo
